HOLBROOK, ARIZONA, SATURDAY, FEBRUARY 28, 1903.

No. 12.

TEACHERS' INSTITUTE.

The Teachers' Institute held here Tuesday, Wednesday and Thursday was the most instructive and the best attended institute ever held in this county. Out of twenty-four teachers, teaching in the county, only two were absent; they were Miss Price of Linden and Miss Churchill of Pinetop.

The following papers were read by different members and then discussed.

"Geography Based on the Principle of the Near to the More Remote," by Joseph Peterson.

"What to Teach in Arizona," by Joseph W. Smith.

"Your Method of Teaching Primary Geography to Beginners," by Jennie L. Meyer.

"A Model Lesson in Manual Training," by Sarah E. Ausermus.

"Language, First Year Under Reading, How Taught," by Leon McCann.

"Word Method," by Julia Tanner.

"In What Grade Should Technical Grammar be Introduced?" by Amanda Rogers.

"Reading," by Margaret Miller.

"The Teacher as Governor," by Margaret Smith.

M. A. Crouse illustrated, with a class, the proper method in which fractions should be taught to beginners.

"Your Idea on the Present Compulsory School Law," by W. A. Fowler.

"Purpose a Factor in Education," by Myron Young.

"School Discipline," by Constance Decker.

"Should the Law Permit Corporal Punishment?" by R. E. Porter.

"Ward's Rational Method of Reading," by Phoebe Lowrie.

"Gain in Lesson Planning," by Rilla E. Wilson.

"Your Method of Teaching U. S. History," by W. A. Shumway.

"Does the Pupil Derive Any Benefit from the Teaching of Physiology in the Public School?" by Martin R. Tanner.

"Benefits to be Derived from the Study of History," by Carrie P. Brown.

"What Bearing has the Newspaper of Today on Education," by Z. N. Decker.

A committee on resolutions was appointed by Judge Watron, which made the following report. Those appointed were Joseph Peterson, Myron Young, M. A. Crouse, Margaret Smith and Carrie P. Brown.

The Committee on Resolutions begs to submit the following.

1. Resolved, The teachers of

Navajo county extend the thanks to Mr. F. J. Watron, superintendent of schools, for the very able manner in which he has conducted this institute, and be it further resolved, we heartily co-operate with him in promoting the educational interests of the county.

2. Resolved, That we extend our thanks to Mr. Chester Houck for the use of the court room for the sessions of the institute.

3. Resolved, That our thanks are due to Mrs. F. M. Zuck for the very pleasant evening's entertainment given us at her home.

4. Resolved, That our thanks be extended to the citizens of Holbrook for their attendance at our sessions and for their hospitality in making our stay among them so pleasant.

5. Resolved, That we thank Miss Leon McCann, secretary of our Institute, Miss Margaret Smith, the organist, Mr. Myron Young, the chorister, and also those who gave service as chaplains.

6. Resolved, That we implore the territorial board of education for a change of text books, especially for a change of readers.

7. Resolved, That we appreciate the accurate report given by the press of the proceedings of this institute and also for publishing these resolutions.

It may take a thief to catch a thief but it is a question whether it is not better to let the thief go than to catch him that way. Several members of the Arizona Rangers have proven themselves to be as bad as the men whom they are supposed to hunt down. The recent killing in Douglas is a case in point. This case should be thoroughly investigated, and if the killing was unnecessary, as seems apparent, an example should be made of the ranger who engaged in the saloon fight and killed a man.—Tucson Post.

ECONOMICAL COMFORT

THE DRAUGHT

BLACK-DRAUGHT

THE ORIGINAL

LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Thedford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Thedford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Thedford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.
I have used Thedford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.
